## Notes

Most recipes here aren't actually mine, it's just what I like.

[cafedelites.com](http://cafedelites.com) has lots of great recipes

Washing raw meat under running water is a great way to splash bacteria everywhere.

When using convection mode(hot air) instead of conduction when using the oven, subtract 15°C and 25% time.

1L of granulated sugar = 845.35g

1L of flour = 540g

## Actual food

### Steamed fishburgers

[fish\\_burgers.jpg](#) type unknown  
image not found

#### Ingredients

- 800g skinless fish
- 3 pieces of bread with no crust
- Milk to cover bread
- 1 onion
- 1 egg
- 1 tbsp minced meat spices
- 1 tsp salt

#### Directions

1. Pour milk on bread on a deep plate
2. Cut the onion into bigger pieces and throw those into a food processor, don't shred it too small as to not leak too much water from it, toss the result into a big bowl where we'll put all our ingredients
3. Throw fish slices into the food processor, let it run for a bit, toss fish to big bowl
4. Break an egg into a cup, after verifying it is fine, toss it into big bowl
5. Throw minced meat spices, the ones I use are salt-less, so toss the salt in too
6. Mix vigorously with a fork until everything combines
7. Wet your hands and make balls/burgers out of the mix, and put them onto your steam pot
8. Steam for 18 minutes, and you're done!

# Soups

## Mushroom veggie

### Ingredients

#### *Roux*

- 3cm slice of butter (15g)
- 3 tablespoons fine flour

#### *Base*

- 2.5l water
- 2 carrots
- 5 peeled potatoes
- 1 root parsley
- 1/4 celery root (125g)
- 1 small onion (sliced)
- 1 Leek (optional)
- Spring onion (optional)
- Kohlrabi (optional, do not add if using mushrooms)
- Forest mushrooms (20g if dried)
- 2 tablespoons majoram
- Pepper
- Dried lovage (optional)
- 3 cubes of bouillon (beef, chicken or vegetable are all alright)

#### *Flavor*

- Salt
- Celery stem (optional)

## *Post flavor*

- Roux
- Parsley
- Ground garlic

### **Directions**

1. If you're using dried mushrooms, put them in cold tap water 2 hours ahead.  
When they've absorbed the water, sift the rest of the water away
2. Melt butter in a small pot.  
After it has melted, fine flour bit by bit, keep mixing at all times.  
In case it crumps up use more butter  
After about 3 minutes of mixing you should have a brown roux mixture  
We do this first as the roux needs to be lukewarm when we'll be adding this to the soup
3. Cut all Base ingredients into cubes or slices and put them to boil in a large pot with 2.5l water
4. Add "Flavor" ingredients
5. If soup seems watery after it's cooked for a while, add another bouillon cube
6. When vegetables are nearly done (15 min~, check if carrot gone soft as it is the hardest) then add the roux
7. Add "Post flavor" ingredients
8. Cook for about 5 more minutes to cook the garlic and roux

# Pea Broccoli

### **Ingredients**

- 1 bigger broccoli without stem
- 4-5 garlic cloves
- 2 tablespoons olive oil
- 1.5l water
- 30g(9l worth) vegetable bouillon
- 200g+ frozen peas
- 0.75 teaspoon grated nutmeg
- 100ml 30% half and half
- pepper and salt

### **Directions**

1. Pour olive oil and sliced garlic cloves into a tall pot on max heat for a bit
2. Put water to boil in kettle beforehand
3. Cut broccoli into bigger cubes (so hand mixer can handle it later), throw it into the garlic pot and immediately pour boiling water over it

4. Throw vegetable bouillon into the pot
5. Cover with a pot so it cooks quicker
6. Cook for 15-20 minutes
7. Take pot off, put hand mixer in it and mix
8. Pour frozen peas in it
9. Add nutmeg
10. Add half and half
11. Pepper and salt to taste - bouillon may already contain salt, so you probably do not want to add salt

# Sushi (WIP)

## Ingredients for Sushi rice

- 600ml Short-grain rice - *ideally sushi rice, but it can be expensive*
- 900ml water
- Heaping tablespoon sugar
- 50ml rice wine vinegar - *rice vinegar is way less acidic than normal vinegar, if you have to substitute, see how acidic your vinegar is and adjust as needed*
- 3 teaspoons salt

## Ingredients for "Unagi" Sauce

- 2 brutally heaping tablespoons honey
- 2 glugs of soy sauce
- 1 small glug Orange juice

## Directions for sushi

1. Add all the rice ingredients, mix them together and cook the rice
2. After rice is cooked, leave it in the vessel you're making it in for 15 minutes, covered.
3. After the time is up, move it to a big container and mix it to fluff it up.
4. Cover container with a wet kitchen towel to prevent the towel sticking to the rice and the rice to avoid dehydrating and temperature loss of the rice.
5. Draw the rest of the owl, TODO

## Directions for "unagi" sauce

1. Dump all ingredients into a frying pan
2. Cook on high heat while stirring constantly until it is reduced to about half and thickens a bunch
3. Done. If you somehow manage to end up with a hard caramel candy consistency in the end, dump a bit of boiling water and keep stir it up again

## Ingredients for Marinade

- 800g chicken breast cut into bite-sized pieces
- 130g plain yogurt
- 1.5 tablespoons minced garlic
- 1 tablespoon ginger
- 2 teaspoons garam masala

- 1 teaspoon turmeric
- 1 teaspoon ground cumin
- 1 teaspoon mild chili
- 1 teaspoon of salt

### **Ingredients for Sauce**

- 1 tablespoons of vegetable/canola oil
- 2 tablespoons butter
- 2 small onions (or 1 large onion) finely diced
- 1.5 tablespoons garlic finely grated
- 1 tablespoon ginger finely grated
- 1 teaspoon garam masala
- 1.5 teaspoons ground cumin
- 1 teaspoon turmeric powder
- 1 teaspoon ground coriander
- 400g tomato puree (tomato sauce/Passata)
- 1 teaspoon mild chili (adjust to your taste preference)
- 1 teaspoon salt
- 200ml of heavy or thickened cream (use evaporated milk for lower calories)
- 100ml milk
- 1 teaspoon brown sugar
- 60ml of water if needed
- 4 tablespoons Fresh cilantro(coriander) to garnish (optional)

### **Side ingredients**

- Jasmine rice

### **Directions**

1. In a bowl, combine chicken with all of the ingredients for the chicken marinade; let marinate for 10 minutes to an hour (or overnight if time allows).
2. Heat oil in a large skillet or pot over medium-high heat. When sizzling, add half the chicken pieces, making sure not to crowd the pan. Fry until fully cooked and heavily browned. Set aside and keep warm (putting a small plate over a bowl works wonders). Scrape all the burnt bits from the pan (not with metal tools!). Repeat with the other half.
3. Melt the butter in the same pan. Fry the onions until soft (about 3 minutes).
4. Add garlic and ginger and sauté for 1 minute until fragrant, then add garam masala, cumin, turmeric, chili, salt and coriander. Fry for about 20 seconds until fragrant, while stirring occasionally.
5. Pour in the tomato puree. Let simmer for about 10-15 minutes, stirring occasionally until sauce thickens and becomes a deep brown red colour.
6. Stir the cream, milk and sugar through the sauce. Add the chicken and its juices back into the pan and cook for an additional 5(was 8-10, not needed for so long since we cook chicken first) minutes the sauce is thick and bubbling. Pour in the water to thin out the

sauce, if needed.

7. Optionally garnish with cilantro (coriander) and serve with hot garlic butter rice and fresh homemade Naan bread! Though I simply serve with jasmine rice.

- 225g bacon, diced
- 1 onion, finely chopped

- 4 tablespoons all-purpose flour

# Pasta with chicken breast and mushrooms

[mushroompasta.jpg](#) unknown

## Ingredients

- 700 grams chicken breast, diced
- 500 grams pasta of your choice
- 2 tablespoons extra virgin olive oil
- 2 tablespoons butter
- 250 grams baby portobello mushrooms, sliced
- 5 cloves garlic, minced
- 4 large green onions, chopped
- 2 tsp salt and pepper to taste
- 2 tsp oregano
- 2 tsp dried basil (one tsp of salt, pepper, oregano and basil used when frying the chicken meat and making the sauce)
- 5 tablespoon flour
- 0.7l milk depending on how much sauce you want
- 70 grams shredded parmesan cheese
- handful of fresh parsley, chopped, plus extra for garnish

## Directions

1. Add butter to a medium hot large pan, add half the chicken meat(so the pan doesn't get crowded). Add salt, pepper, oregano and basil (0.5 tsp of each per batch) to the meat. When the meat is fully cooked, up the heat to max, it will get crunchy and brown. This requires the pan to be dry, so if you added too much butter, you might have to wait. Put the meat aside in a bowl. Repeat for the other half.
2. Cook pasta in salty water according to recipe or package directions. Make the sauce while the pasta cooks.
3. Clean any leftover meat from your pan, heat olive oil over medium heat.
4. Add mushrooms to oil and sauté until mushrooms have reduced in size, about 4 minutes. If the mushrooms soak up all the olive oil, add another teaspoon.
5. Add garlic, green onions, salt and pepper to mushrooms and stir to combine. Cook until garlic is fragrant and mushrooms have released some additional liquid, about one minute.
6. Add flour to saucepan and stir to incorporate all ingredients. Let cook for 30 seconds or so.
7. Add about 1dl of the milk and stir to break up any lumps of the mushroom and flour mixture. The milk will thicken fairly quickly; that's okay. Add the milk little by little and stir to incorporate all ingredients. Do not use more than medium heat or you will get the milk

catching to the pan and burning.

8. Bring sauce to a simmer and cook until milk has thickened, about 5 minutes.
9. Add salt, pepper, oregano and basil (1 tsp of each).
10. Remove sauce from heat and stir in parmesan cheese. Stir in the chopped parsley.
11. Garnish with extra parmesan and parsley and serve immediately.

# Chicken wings/drumsticks

## Ours

- ~1.8kg Chicken wings and/or drumsticks
- A handful of salt
- Grill spice
- (optional) Chili spice
- Cumin
- (optional, if you want sauce) Butter
- Side dish ingredients of your choice (potatoes or rice recommended)

### Directions

1. Prepare your side dish
2. Preheat oven to 200°C
3. Pluck any leftover feathers from the chicken
4. If you want sauce for your side dish, put the chicken pieces in a deeper pan(should be able to cover the pan with a top part), if not you can make them on baking paper and a shallow pan
5. Salt the chicken a bit
6. Add some grill spice, cumin, and optionally chili spice.
7. For the best result turn the chicken around and spice from the other side too.
8. If you want sauce, slice butter into small slices and put it on top of the chicken pieces
9. If you're using a deep pan to get sauce, pour half a cup of water into the pan
10. Bake at 200°C for about 45 minutes
11. Take the top part of the pan off
12. (If you're lazy just bake it for longer ignoring this part) Bake for about 8 minutes(using grill mode if your oven has it) to make the chicken golden. After 8 minutes turn the chicken parts the other way around and leave it in for another 8 minutes
13. If you're using a deep pan to get sauce, after the pan has cooled down, pour about half of the leftover water/sauce from the pan onto your side dish

# Pasta Alfredo with chicken breast

[pasta\\_alfredo.jpg](#) image not found or type unknown

## **Ingredients**

- 700 grams chicken breast, cubed
- 2 tablespoons butter
- ½ teaspoon dried oregano
- ½ teaspoon dried basil
- ½ teaspoon salt
- ½ teaspoon pepper
- 500 grams penne pasta, cooked
- 0.6dl parsley
- 0.6dl(30g?) parmesan, shredded

Sauce:

- 3 tablespoons butter
- 4 cloves garlic, minced
- 4 tablespoons flour
- 6dl milk
- 3/4 teaspoon oregano

- 3/4 teaspoon basil
- 1.8dl(90g) parmesan, shredded
- 3/4 teaspoon salt
- 3/4 teaspoon pepper

### Directions

1. In a pan over medium-high heat, melt butter, then add the chicken breast. Season with salt, pepper, oregano, and basil. You'll want to cook the meat in two batches so all the pieces are properly touching the pan. Cook using medium-high until the meat is done, then set to high until the meat turns a bit brown and crispy. Put the meat aside into a separate bowl.
2. In the same pan over medium heat, melt butter and add the garlic. Quickly add half of the flour, stirring until incorporated. Then add the rest of the flour and stir.
3. Pour in the milk a little bit at a time, stirring well in between, until fully incorporated and sauce begins to thicken.
4. Season with salt, pepper, oregano, and basil, and stir well to incorporate.
5. Add parmesan cheese and stir until melted.
6. Pour the sauce over cooked penne pasta, add the chicken and mix well.
7. Add parsley and extra parmesan, and mix again.

# Pancakes

## Family's

You should get about 12 pancakes.

### Ingredients

- 215g fine flour
- 0.5l milk
- 0.5 teaspoon of salt
- 4 eggs
- 50g fine sugar

### Directions - batter

1. Sift the flour into a bowl, add milk gradually while mixing the flour.
2. Add salt.
3. Add eggs.
4. Add sugar.
5. Mix again.
6. If you ignored the bit about adding milk GRADUALLY, sift your mistakes away.

## Directions - frying

1. Put the pan on the stove. Set the heat to "medium". Let it heat up before proceeding.
2. Put a small bit of butter on the pan before pouring the pancake mixture.
3. Pour the mixture on the pan, but do not pour too much of it because you want thin, crunchy pancakes. Spread it evenly.
4. Pancake is ready to flip when the mixture doesn't look "wet" anymore and the sides of it are starting to get crusty.
5. Start again from step 1.

# Andong's

You should get about 6-10 pancakes.

## Ingredients

- 2 eggs (120g)
- 3 Tbsp vegetable oil (18g)
- ~1/3 tsp salt
- 2 Tbsp sugar (40g)
- 150g all-purpose flour
- 300g water
- 150g milk

# Pizza

This recipe is for 2 to 5 pizzas depending on how much you let the dough rise and how thick your pizzas are. Keep that in mind.

## Ingredients - Dough

- 0.4L water
- 50g dry yeast
- 2 teaspoons salt
- 2 teaspoons crystal sugar
- 0.1L cooking oil
- 550g fine flour
- baking paper to roll the dough on

## Ingredients - Base topping

- 2 tablespoons(35g+) tomato puree
- 2 tablespoons ketchup

- 1 garlic clove
- 0.5 tablespoon BBQ sauce
- 1 teaspoon oregano
- 1 teaspoon salt
- 2 teaspoons crystal sugar
- 0.5 teaspoon curry
- a little pepper
- 0.08L water

### **Ingredients - Second layer of the topping**

- Depends on what you want. Can be bacon, mushrooms, cheese,.....
- 500g of cheese
- 300g of ham

### **Directions - Dough**

1. Mix dry ingredients first. Not yeast, YEAST GOES IN AT STEP 4.
2. Add water to the mix, stir.
3. Add oil to the mix and stir until well combined.
4. If the dough is a little too wet, add more flour. After both wet and dry ingredients are added, add yeast. Break the yeast apart in small pieces and knead it into the dough.
5. After the mixture is ready, leave the dough in the bowl and put the bowl in the oven to rise (with appropriate oven mode), or if you don't have a fancy oven, leave the bowl on a counter with a kitchen towel on top, keeping the air inside. Let it rise until it's about twice the size.

### **Directions - Base Topping**

1. Add all dry ingredients first, and mix them up.
2. Add one wet ingredient at a time, mix after each ingredient is added.
3. The topping should be ready to use right after preparing it.
4. Roll out the dough on a baking paper (keep in mind it will rise to twice the size in the oven).
5. Smear the topping over the dough. You can either smear it all over or you can leave a little space all around the sides and you can fold the edges, which gives you a nice, crunchy crust.
6. Add the rest of the topping ingredients to the pizza.
7. Bake at 240°C for 7-15 minutes, depending on the thickness of the dough.

# Steaks

Chicken steaks - buy some meat, beat it a little, put it in the spice paper(yes I'm lazy), heat the pan up on the oven(heat:4).

After it's heated up, put the meat with the spice paper in it, cook it for 5 minutes from one side and for 5 minutes from the other side

# Egg bread

## Ingredients

- 5 eggs
- 150g~ grated cheese
- Cooking oil (sunflower)
- Sliced bread (slightly older bread is better as it soaks up less oil)
- 0.5 teaspoon salt

## Directions

1. Put frying pan on very high heat and cover the whole pan in oil
2. Put eggs in a container, mix with a fork, add cheese and mix again
3. Put mixture on half a bread slice and throw the slice on the hot pan, with the mixture on the bottom obviously
4. Do not move the slice until it's ready(about 1min), as moving it around or checking on it will make it unstick from the pan and you don't want that
5. If you want the mixture on both sides, simply cover the other side before the first one is done and flip it
6. Repeat steps 3-6 while adding cooking oil if there's empty spots on the pan after finishing up a slice
7. You can obviously do multiple slices in one go if your pan can fit it
8. Enjoy!

# Dressings

## Water based

Good for a cucumber/lettuce(or similar) salad.

- 0.5l water
- 2 spoons of sugar
- spoon of vinegar
- teaspoon of salt

Mix the ingredients in a container of some sorts and you're done.

## Greek salad

- 0.5 small minced garlic clove
- 1 teaspoon dried oregano
- 0.5 tablespoon lemon juice
- 3 tablespoons olive oil
- 3 tablespoons water
- 0.5 teaspoon salt
- 0.25 teaspoon black pepper

1. Mix the ingredients in a container of some sorts and you're done.

## Side dishes

### Rice

(jasmine rice)

1 cup of rice means you need 1.3 cups of water

Put a teaspoon of salt in it

10 min in steam mode in a microwave

### Potatoes

#### Ingredients

- 800g potatoes
- 3-4 tablespoons cooking(sunflower) oil
- 3-4 teaspoons herb spices
- 1 teaspoon salt

## Directions

1. Preheat the oven to 225C
2. Wash the potatoes. Peeling the potatoes is a matter of preference, but they might become mushy and not so crispy if you peel them
3. Cut the potatoes into boat shapes. You do this by cutting a potato in half, preferably right across the longest side. Then repeat this step until you get the size you want
4. Put them in a deep pan and pour the oil over them. If you use too little oil, the potatoes will get stuck to the pan. Add the spices next and mix with a wooden tool
5. Bake in oven for 20-30 minutes. Check on the potatoes on the 20 minute mark to see if they are the way you prefer them

## Apple Roses

<https://www.allrecipes.com/recipe/244198/baked-apple-roses/>

## Ingredients

- 1 large red apple, cored and very thinly sliced
- 32g(¼ cup) white sugar

- 1 teaspoon ground cinnamon
- 1 sheet frozen puff pastry, thawed
- ¼ cup melted butter
- 1 egg
- 2 teaspoons water
- 1 teaspoon confectioners' sugar (Optional)

## Directions

1. Preheat oven to 400 degrees F (200 degrees C). Butter 2 small ramekins (6 to 8 ounce) and dust with white sugar.
2. Did 190°C instead because the apples burnt before the dough was completely ready
3. Place apple slices on a plate, overlapping slightly if necessary. Microwave on High about 45 seconds just until slices have softened a bit. Cover plate with plastic wrap and a kitchen towel.
4. Mix together sugar and cinnamon in a bowl.
5. Roll puff pastry sheet to less than 1/8-inch thickness. Using a pizza cutter, cut two 3-inch by 12-inch rectangles. Reserve remaining pieces for another use.
6. Spread melted butter over dough; top with a generous amount of cinnamon-sugar. Place apple slices along 1 long edge of dough, about 1/4 inch beyond edge of dough, overlapping slices slightly. Fold bottom half of dough over the apple slices to form a long "folder" of dough with rounded edges of apple slices exposed.
7. Beat egg and water together in a bowl. Paint surface of dough with egg wash. Sprinkle with more cinnamon-sugar, to taste.
8. Starting from one end, roll dough not too tightly to form a rose-shaped pastry. Seal roll with end of dough strip.
9. Transfer roses to prepared ramekins. Sprinkle with a little more cinnamon-sugar. Place ramekins directly on middle rack of preheated oven.
10. Bake until well browned, about 45 minutes. Remove ramekins with tongs and place on baking sheet to cool 5 to 10 minutes. Remove apple roses from ramekins and finish cooling on rack. Dust with confectioners' sugar before serving.

## Ingredients

- 150g melted butter
- 0.25l sugar
- 1.5 teaspoon vanilla
- 2 large egg white
- 0.12L flour
- 3 tablespoons unsweetened cocoa powder
- 3/4 teaspoon baking soda
- A few dashes of salt
- mini chocolate chips (add as much as you like)

## Directions

1. Preheat oven to 350 degrees and prepare a baking sheet lined with a silicone mat or parchment paper (only those two ways or it will stick).  
If using parchment paper, lightly spray the surface with baking spray.
2. In your mixing bowl, combine butter, sugar and vanilla and mix until incorporates. Add in egg white and blend well.
3. Add in flour, cocoa powder, baking soda and salt and mix for about 1 minute or until the batter is smooth.
4. Spread batter over your mat/parchment paper using a spatula. You want it thin, but not transparent. An area of about 11 x 8 works well.
5. Bake for 15 minutes, remove brittle from the oven and quickly sprinkle with the mini chocolate chips.  
Return to the oven for an additional 7-10 minutes (total cooking time 22-25 minutes), remove from oven and cool completely.

- 24cm round form, ideally with removable bottom
- (optional, but recommended) Hand blender
- Baking sheet
- Oven
- Bowl for the mixture

## Ingredients

- 1kg of cream cheese (5x Philadelphia Original 200g)
  - substitute 50-100g with mascarpone or goat cream cheese for more flavour
- 400g sugar
- 7 eggs
- (optional) 2g Xanthan gum (for texture)
- 2dl of heavy cream (norwegian kremfløte, the kind you use for whipped cream) - used 31% one
- 1 tablespoon flour
- (optional) 2-3 drops of vanilla
- (optional) XXX chocolate for melting for the finished cake

## Directions

1. Let cheese warm for an hour or so on the table, so it is easier to mix later
2. Mix the cheese thoroughly with sugar first.
3. If you're using xanthan gum, mix it in the heavy cream with a hand blender to avoid the gum clumping
4. When well combined, mix in eggs, after that add the rest of the ingredients and mix, ideally with a hand blender

5. Preheat oven to 210°C
6. Crunch up the baking paper into a ball so it's malleable, then undo it and add the paper to the mould, covering both bottom and the sides
7. Pour mixture into the form
8. Optionally add 100ml~ water in the oven in a tray below the cake, refill this later during browning, should hopefully prevent burnage
9. Put in the middle of the oven for 35-40 min, or until nice and "burnt" on top, should have 2.5x in size and jiggle like cray cray
10. If it looks like it's going to cook (and not jiggle) before it browns, blast the oven on maximum heat 5 minutes before the end, our oven has a grill mode which is good for this on its low setting
11. Let cool completely on table in the mould and put in fridge (still in the mould)
12. Let it chill for 6-24 hours before eating, it gets better with time
13. Serve with melted chocolate on top for the best taste

# Krtkův dort

[Source](#)

**Těsto**

- 100 ml olej
- 2 ks vejce
- 0.5 balíčku kypřicí prášek do pečiva
- 80 g cukr moučka
- 2 balíčky čokoládový pudinkový prášek

## Náplň

- 3 ks banán

## Krém

- 20 g cukr moučka
- 1 ks banán
- 2 ks šlehačka ke šlehání
- 60 g hořká čokoláda na vaření
- 1 ks želatinový ztužovač Dr.Oetker

## Postup přípravy

Horkovzdušnou troubu zapneme, aby se vyhřála na 180 °C. Nachystáme si formu na dort. Vytřeme ji tukem a vysypeme hrubou moukou. Já používám formu o průměru 22 cm. Pokud máte větší, je to jedině dobře. Ideální je forma o průměru 26 cm.

V míse smícháme sypké suroviny (čokoládové pudinky, prášek do pečiva, moučkový cukr), pak vmícháme vejce a olej (nejlépe elektrickým mixérem). Těsto vlijeme do nachystané formy a dáme péct do předehřáté trouby. Těsto pečeme asi 20 minut. Upečený korpus poznáme tak, že se lehce odklápí od dortové formy a že se těsto nelepí na špejli.

Než se těsto upeče, nachystáme si krém. Šlehačky ušleháme do tuha. Vmícháme želatinový ztužovač, připravený podle návodu na obalu. Já používám Želatinový ztužovač Dr.Oetker (odpovídá 6 plátkům želatiny). Ten připravíme tak, že do 100 ml vlažné vody vsypeme obsah sáčku a mícháme asi 30 sekund. Poté rychle vmícháme do šlehačky a mícháme elektrickým mixérem asi 2 minuty. Přidáme asi 20 g mletého cukru (nebo víc, podle chuti), v mixéru rozmixovaný banán a čokoládu rozkrájenou na malé kousky. Takto připravený krém dáme asi na 30 minut do lednice, aby před použitím ještě trochu ztuhl.

Upečený korpus necháme zchladnout. Poté ho přendáme na talíř a lžící vydlabeme asi 1,5 cm do hloubky a necháme asi 1 cm široký okraj. Vydlabanou část korpusu v misce rozdrobíme. Vydlabaný korpus poklademe banány rozkrájenými na půlky, rozkrojenou částí dolů. Použila jsem víc banánů, proto jsem je na korpus dala celé/kulaté). Šlehačkový krém navršíme na korpus kopulovitě až k okraji a posypeme rozdrobeným korpusem.

Domácí krtkův dort dáme do lednice a necháme alespoň 3 hodiny ztuhnout. Domácí krtkův dort podáváme vychlazený.

# Rhubarb cake

[Source](#)

## Ingredients - crust

- 2 cups flour - 270g
- 1 cup unsalted butter - 230g
- ½ cup white sugar - 1.5 small tsp of stevia

## Ingredients - filling

- 4 eggs
- 1 cup white sugar, or to taste
- 6 tablespoons all-purpose flour
- 2 cups chopped rhubarb, or more to taste
- 1 cup shredded coconut
- 6 tablespoons lemon juice
- 2 teaspoons vanilla extract

## Directions

1. Preheat oven to 350 degrees F (175 degrees C).
2. Mix 2 cups flour, butter, and 1/2 cup white sugar together in a bowl until crumbly; press into the bottom of a 12x9-inch baking dish.
3. Bake in preheated oven until crust is light brown, 25 to 30 minutes.
4. Beat eggs, 1 cup sugar, and 6 tablespoons flour together in a bowl until smooth; add rhubarb, coconut, lemon juice, and vanilla extract and stir to coat. Pour the rhubarb mixture over the crust.
5. Bake in preheated oven until the fruit layer is set, 35 to 40 minutes. Let bars cool completely before serving.

Depending on how much you like the taste of rhubarb, you can add more sugar or even less. If you don't like rhubarb add two cups of sugar. The coconut can be a bit stringy so optionally put into a food processor to chop into finer pieces. This option can also be applied to the rhubarb for a smoother consistency overall.
